Product link (Optional)

Share

Display name in the form is no longer an option with the use of login and registration. Now the display name automatically gets input as the logged in user making the post.

The image upload bonus feature has been scrapped for time management purposes, will be using static images for now

Power Supply:		
Accessories/Other:		

Deletes the build

BONUS: Can only access that function if logged in as the creator

Will display all info of the added PC

The product links section of the table has been removed and the links are now integrated into the part name section
